Admin Console

Modules

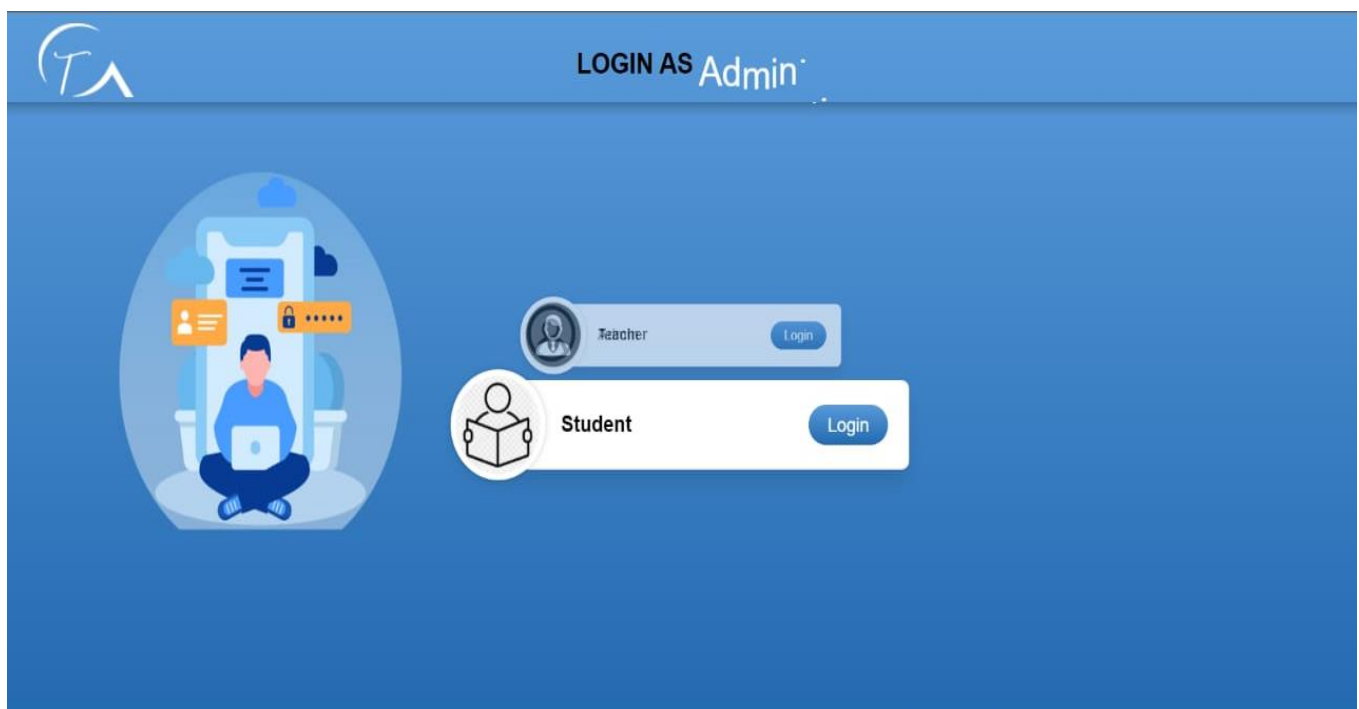

Three type consoles

1. Admin
2. Teacher
3. Student

Accounts

In accounts we have the following:

- Login as Admin
- Login as a Teacher
- Login as a Student

Login as Student

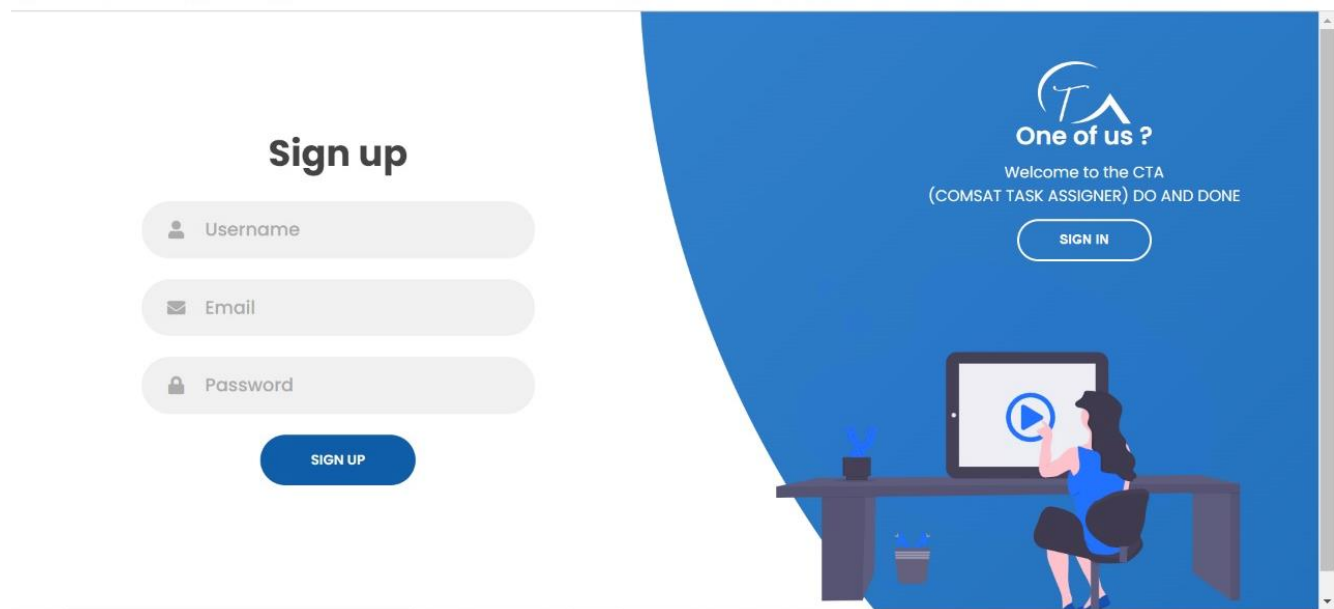

❖ Sign up

- Username
- Email
- password

Here we have the following buttons:

Signup: It created our new account.

Login: if our account is already created then we just click on it and enter the system.

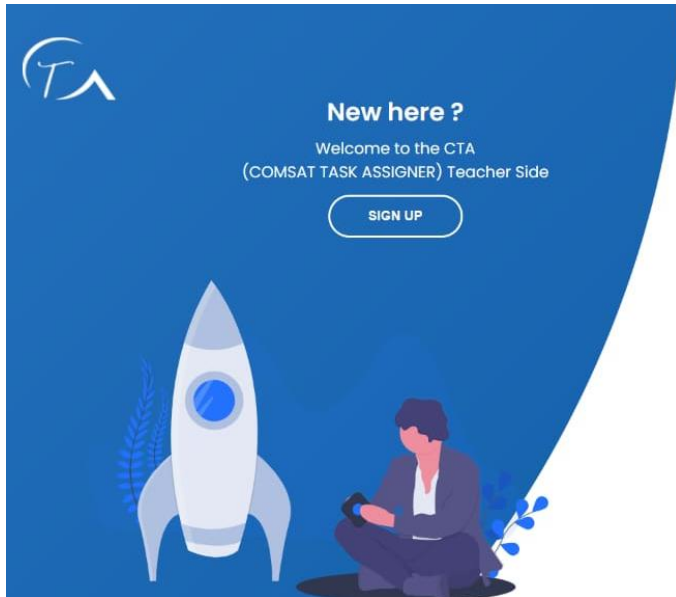

The screenshot displays a web interface for the CTA (COMSAT TASK ASSIGNER) DO AND DONE system. On the left, there is a 'Sign up' section with three input fields: 'Username', 'Email', and 'Password', each with a corresponding icon (person, envelope, and lock). Below these fields is a blue 'SIGN UP' button. On the right, there is a blue background with the CTA logo (a stylized 'T' and 'A' inside a circle) and the text 'One of us ?'. Below this, it says 'Welcome to the CTA (COMSAT TASK ASSIGNER) DO AND DONE' and features a white 'SIGN IN' button. At the bottom right, there is an illustration of a person sitting at a desk, looking at a computer monitor displaying a play button icon.

❖ Login

If our account is already created, we just have to login into our account by

- Username
- Password

Sign in

LOGIN

Student console

In the student console, we have the following module

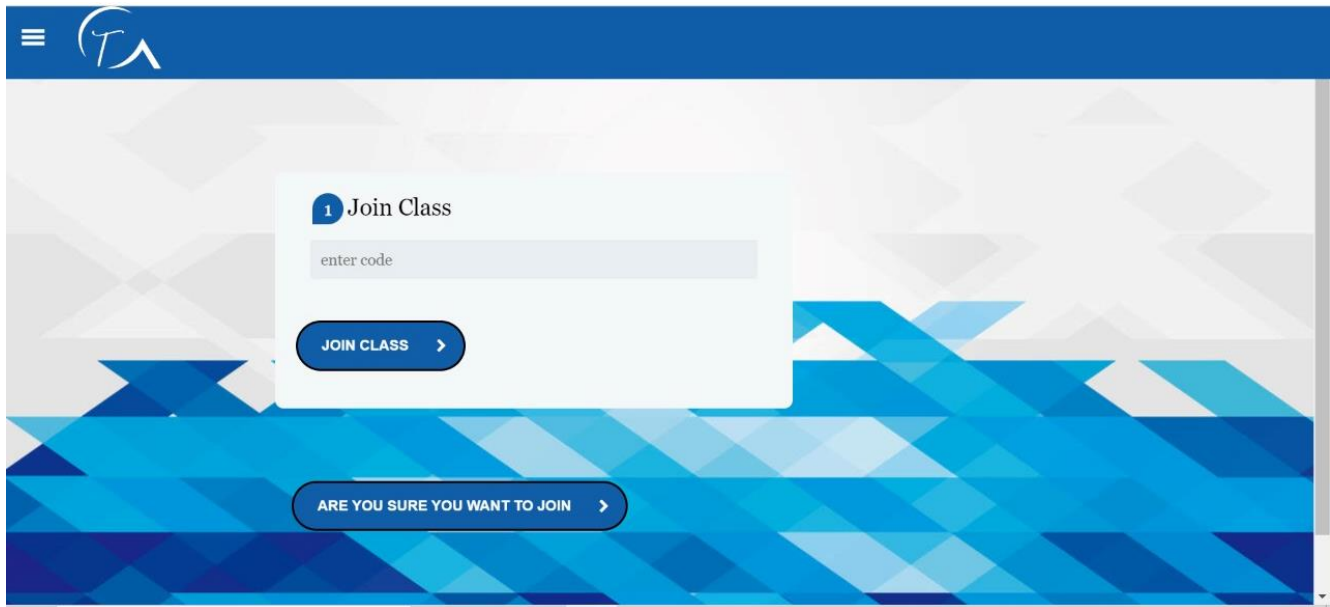

- Join the class
- All classes
- Logout

1.1. Join classes

In the join classes module, we have the following

- **Enter code:** Students enter the class code given by the teacher for class joining.
- **Join a class:** by clicking on the join class join the class student.
- **Are you sure you want to join:** By this student confirms they joined the class for which they enter the code?

1.2. All classes

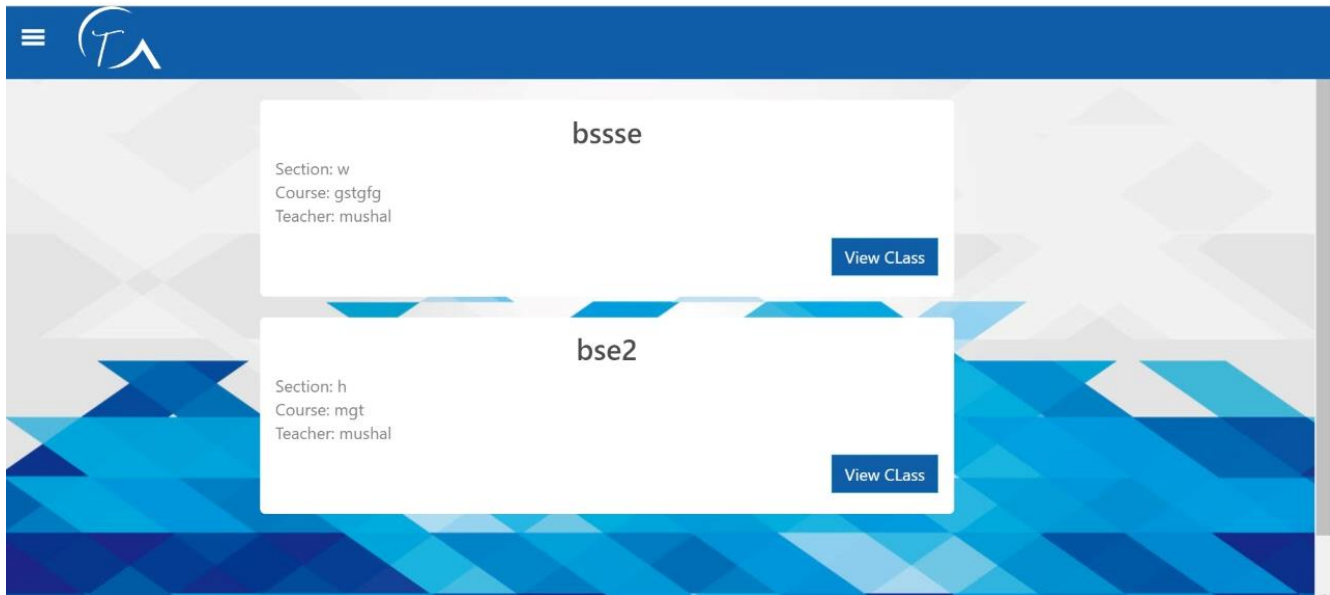

In the All-classes module, we have the following

Details of all the classes show.

- **Class name**
- **Section**
- **Course**
- **Teacher**

Here we have the following button:

View: by using the view class button, the student can delete the class.

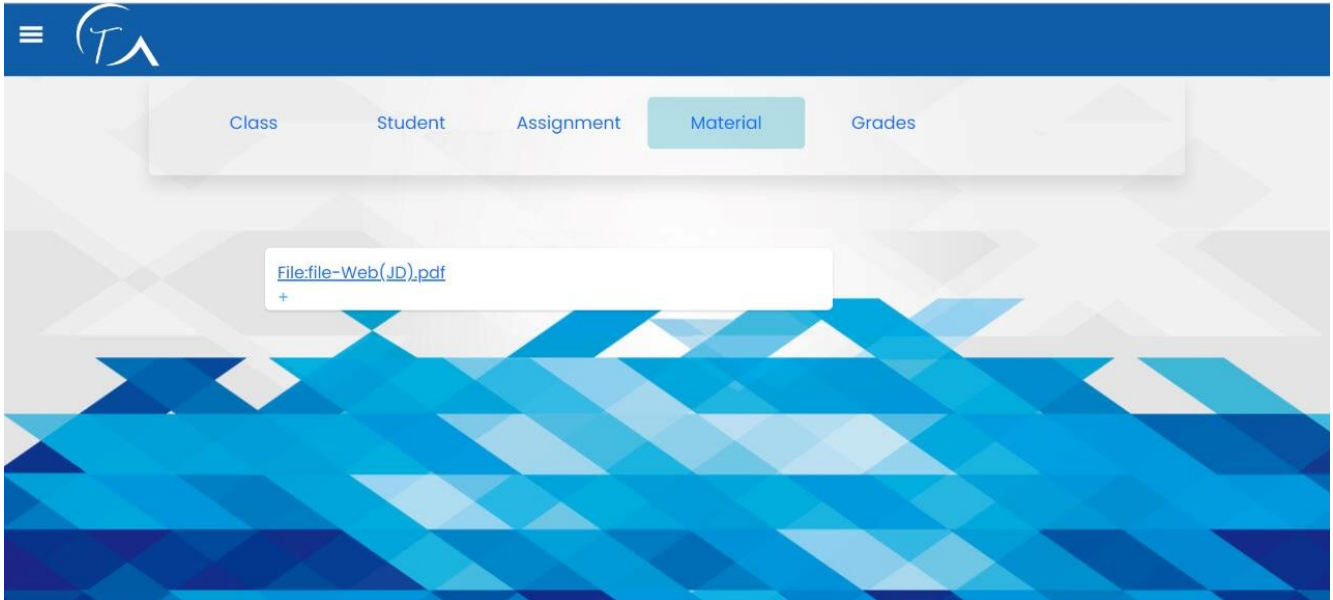

➤ **View class**

By clicking on the view class button, we go to the screen where we have the following modules.

- 1. Class**
- 2. Student**
- 3. Assignment**
- 4. Material**
- 5. Grades**

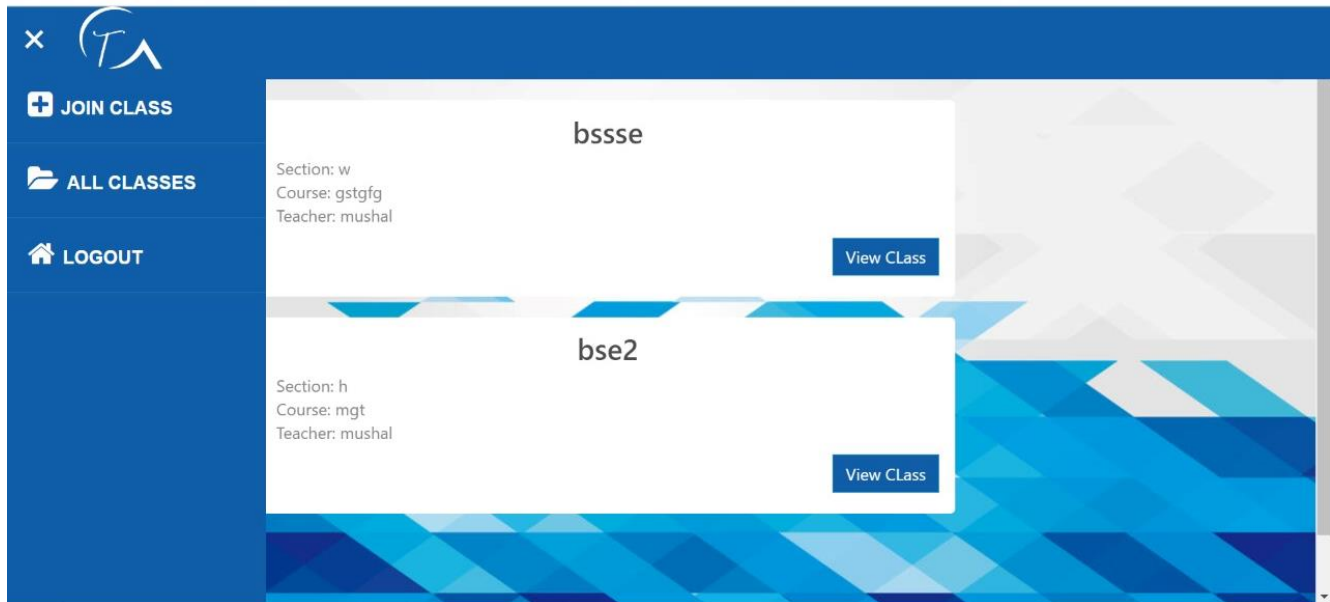

1.3. Logout: Go back to the login screen.

Material

Grades

Title	Student	Obtained	Total
asigmnt	mushal	19	20

➤ Use manual

It is added to facilitate the user in the usage of the system
