Introduction

A Web Developer who is responsible for the design and construction of websites. Proficient with HTML, CSS, Bootstrap, Node Js and Express Js. My objective is to develop and design user Friendly websites. From the beginning I am focusing on back-end development and integrating the front-end screens and in the coming years I will focus to gain expertise in latest web technologies.

EDUCATION

BS

Software Engineering.

2019-2023

COMSATS UNIVERSITY ISLAMABAD,
Computer Science Department

WORK EXPERIENCE

Java

Desktop Application

I Developed a Desktop Application in 3rd semester as a semester project. It was a Poultry Farm Management system and I worked on back-end by using java Netbeans and Mysql workbench.

HTML,CSS, Php

WEBSITE

I Developed a Web Application in 5th semester as a semester project. It was a Classified Ad Listing Website for Clothing brands using Xamp, PhpMyAdmin, HTML ,CSS and Php.

Node js

Framework

I am developing Task Assigning web Application in my current semester using Express js that is framework of Node js.

Adobe Xd

Mock ups

I developed several mock-ups of screens by using Adobe Xd.
